Stated dimensions are measured to the exterior boundaries of the exterior walls and the centerline of interior demising walls and in that way from the dimensions that would be determined by using the descriptions and definitions of the Multi-Family Housing Guidelines (MFHG) promulgated by the Florida Department of Revenue. Actual usable floor space between the perimeters of a residence will be less than the dimensions shown. Additionally, certain areas of rooms, such as those for floor plans, may be shown for the purpose of providing a general layout and may not be to scale. Furniture, fixtures and equipment shown are for illustration purposes only and may not be included in the sale of a residence. Furniture, fixtures and equipment will typically be provided by the initial purchaser based on a separately negotiated and agreed upon price and specification. Finishes and specifications are subject to change.
