Unveiling of a modern masterpiece.

Designed conceptually by Carlos Ott and the architectural firm Seiger Suarez, Waldorf Astoria Residences Miami will be the landmark beacon of this global city. Located in Downtown Miami, the towering structure is an experience in exclusivity. Here, life is designed for those who appreciate one-of-a-kind, enrichment that inspires.

“The form
is always
the measure
of the
obsession.”

Alberto Giacometti

Inspired by 20th Century sculptor Alberto Giacometti, who explored themes of space, perspective and fractured forms, the building's cubism-influenced design stands prominently as the city's tallest structure; an architectural phenomenon and a defining symbolic moment in Miami's ascendance.

Carlos Ott
CONCEPTUAL ARTIST

With more than a half century of combined design experience, our design collective consists of the conceptual genius of Carlos Ott and the distinguished residential design experience of Sieger Suarez Architects. The result is in an unparalleled powerhouse of talent to exceed expectations for what is to be the tallest and most notable building on the east coast of the country, south of the Manhattan skyline.

Downtown Miami

Ascendance begins upon arrival.

A transformative experience begins as early as one's arrival at the opulent porte cochère. A sense of awe and intrigue abounds as we first encounter the attentive service synonymous with the Waldorf Astoria name. Ascendance into a new realm continues upon entrance as the magnificent, open air lobby with its dramatic, curved, glass enclosed 4-story staircase introduces us to a visionary building, with an even more visionary experience to be had.

YOU HAVE ARRIVED.

Moments in arrival continue as we are welcomed by the third level residential lobby with its sky-high ceilings and panoramic bay views. Home to the residential concierge and private amenities, it's here where greetings are exchanged, welcomes are extended and residents commingle in residential spaces.

To see and be seen.

Unobstructed views of the ocean and the downtown Miami skyline provide the perfect backdrop for the awe-inspiring Peacock Alley, centered around the larger than life signature Pendulum Clock, a tradition for every Waldorf Astoria property. Inspired by the original Foucault Pendulum, invented in 1851, now famously hanging from the dome of the Pantheon in Paris, this structure remains fixed while illustrating time and the rotation of the earth, reminding us of both the pure beauty and suspended timelessness of our current surroundings.

Peacock Alley

Assume a seat in an updated rendition of the historic Peacock Alley, a venue renowned for its extravagant Sunday brunch and innovative cocktail culture. Or sip serenely while sitting at the elegant private bar and wine tasting room while simply soaking in the aura and energy flow of the surroundings, asymmetrical in design yet anchored with a carefully studied sense of logic and placement. A place where each moment is to be cherished.

Authentic moments abound.

Beyond world-renowned food and beverage offerings, residents enjoy exclusive hotel benefits, including house account signing privileges and preferred access to the spa and other hotel venues.

Mindfulness and moments of authenticity never end with access to the signature spa and fitness center which features opulently designed wellness lounges, saunas, steam and treatment rooms as well as personalized health, nutrition and fitness programs. Residents will regularly find themselves pampered with the ultimate in healing, relaxation, rejuvenation and an experience in self-care.
